Profile

Front-end developer with over three years of experience managing and building user interfaces for websites. Proficient in HTML, React JS, Javascript, and other languages. Skilled in collaborating with cross-functional teams and meeting deadlines for projects.

Education

Terna Engineering College, *BE. IT*   05/2021
  CGPA-8.91/10   Mumbai

Ramnarain Ruia College, *HSC*   03/2017
  71.85%   Mumbai

Mahatma Jyotiba Phule Kanya Shala, *SSC*   03/2015
  88.80%   Mumbai

Professional Experience

Tata Consultancy Services

  Senior Front-end Developer   04/2023 –
    Implemented several Java backend APIs, maintained SQL   present
databases, and created UI features. In order to simplify the team's complicated procedures, generic utilities and application templates were developed. Managed end-to-end application handling and developed business applications for diverse clients. Provided leadership and mentorship to the colleagues. Created the process's development documentation.

  Front-end Developer   07/2021 –
    Created internal utilities with an emphasis on process   03/2023
optimization. JavaScript, JQuery, HTML, and CSS were used for UI development, while Java backend APIs were streamlined for effective data flow. Ensured effective delivery by collaborating with QA teams to carry out security and functional testing.
